

Completion Rubric

Your completion assignments will be marked according to effort. Show that you have completed the required reading and given it some thought. Answer all of the questions, properly format the assignment, and you will receive full marks. Completion assignments are all marked out of four. You should be able to complete one of these assignments in about ten minutes (exclusive of reading).

4	Student has handed in a complete, properly formatted assignment that fully meets expectations in terms of comprehension, analysis, and a willingness to engage with the work being studied. Response is easy to read and contains few, if any, errors.
3	Student has handed in a complete, properly formatted assignment, but it only shows a surface reading of the work. It may appear to have been hastily executed for the sake of completion rather than to achieve an understanding of the work or works being studied. This response may contain some basic errors, but none that interfere with meaning.
1 or 2	Student has submitted the assignment, but it shows little understanding of the reading and is clearly insufficient in terms of effort. This assignment may be incomplete and may include errors that interfere with meaning.
