Learning Guides & Labs

Before you start unit projects, you must submit the unit's Learning Guide.

Projects:

As you work through units use the projects to enhance your understanding in areas of interest and/or weakness. If you wish to explore another area of interest within a topic area, feel free to propose your idea to your teacher.

Keys to Success:

1. Actively work through each lesson, trying examples and reflecting on material.
2. Use the Learning Guide as your tool for documenting your understanding.
3. Make sure you understand all project requirements. If you can't figure it out - ASK!
4. Be sure to use the message system for regular communication with your instructor.
