Learning Guides

Before you write a unit test, you must send me all assignments leading up to the exam. All submissions **MUST** be very neat and well organized. If you can't figure out a question, you should be researching, then asking for help.

Test Supervision:

All tests are "closed book" and require supervision. If you are unable to access a local school to write your exams, you will need to find a teacher that will supervise your exams. Please have them e-mail me and I will send them the required information

Resources:

There is NO textbook required for this course.
